

ANEES UR REHMAN FAROOQ

Karachi, Pakistan | aneesurrehmanfarooq@outlook.com | +92 302 2217117

Portfolio: anees-ur-rehman-portfolio-786.vercel.app GitHub: github.com/AnisUrRehmanFarooq123456

PROFESSIONAL SUMMARY

Software Engineering graduate (B.S., University of Karachi, 2025) with hands-on experience building and deploying full-stack web applications using the MERN stack, Next.js and TypeScript, and formal training in Software Quality Assurance. Built and deployed seven web projects, including two hackathon applications, with a focus on clean architecture, reusable components and reliable software. Experience teaching Mathematics and Computer Science to school students. Seeking a master's degree to deepen my knowledge of software design, software testing and modern web development practices.

EDUCATION

Bachelor of Science in Software Engineering — University of Karachi, Pakistan

Feb 2021 – Mar 2025

CGPA: 3.16 / 4.00

Relevant coursework: Programming Fundamentals, Object-Oriented Programming, Data Structures & Algorithms, Database Systems, Software Engineering, Software Quality Assurance, Web Technologies.

RESEARCH INTERESTS

- **Frontend Development:** responsive, accessible and high-performance web interfaces with React and Next.js; component-based architecture, state management, and how interface design affects usability across devices.
- **Software Quality Assurance:** test case design, manual and exploratory testing, defect reporting and API testing; how early testing during development reduces defects and improves user experience.
- **MERN Stack Development:** full-stack application design with MongoDB, Express.js, React and Node.js, including RESTful API design, authentication, database modelling and scalable architecture.

ACADEMIC PROJECTS

MaintainAI — Asset Management System / *Next.js, Node.js, Express.js, MongoDB (Hackathon)*

- Developed a full-stack asset management system for asset tracking, reporting and user management.
- Built the REST API and MongoDB data layer with a responsive Next.js interface.
- Designed, built and deployed a working product on Vercel under hackathon time limits.

Live: <https://maintain-ai-frontend-8crj.vercel.app>

Helplytics AI — React, JavaScript (Hackathon)

- Built a responsive frontend with user authentication and local-storage persistence.
- Structured the application into reusable React components to deliver a working prototype quickly.

Live: <https://helplytics-ai-opal.vercel.app>

LearnTube — Learning Platform / *Next.js, TypeScript*

- Developed a responsive e-learning platform with categorized courses and video playlists.
- Implemented reusable, typed React components in TypeScript to improve maintainability.

Live: <https://learntube-project.vercel.app>

TechSolution — E-Learning Platform / *React, Next.js, TypeScript, HTML, CSS*

- Built a responsive learning platform featuring web development courses and curated resources.
- Maintained a consistent component structure and clean UI/UX across all pages.

Live: <https://tech-solution-psi.vercel.app>

Personal Portfolio Website / *Next.js, TypeScript*

- Designed and deployed a responsive portfolio showcasing projects with live previews and GitHub links.

Live: <https://anees-ur-rehman-portfolio-786.vercel.app>

Additional Projects / *HTML, CSS, JavaScript*

- **Weather App:** responsive app displaying current conditions using asynchronous JavaScript and dynamic UI updates.
- **Digital Clock:** real-time clock built with DOM manipulation and the Date object, styled to be readable on all screen sizes.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frontend: React.js, Next.js, Responsive & Mobile-First Design, Cross-Browser Compatibility
Backend & Databases: Node.js, Express.js, MongoDB, RESTful APIs, Authentication
Software Quality Assurance: Manual Testing, Test Case Design, Bug Reporting, Software Testing Life Cycle (STLC)
Tools & Practices: Git, GitHub, Vercel, Agile/Scrum Fundamentals, MS Office (Word, Excel)
Professional Skills: Technical Communication, Teaching, Problem Solving, Attention to Detail

TEACHING & WORK EXPERIENCE

- Computer Teacher — Metropolis Education School, Karachi

Aug 2025 – Oct 2025

 - Taught computer studies to students in Grades 7–8.
- Data Entry Operator — Liberty Mills Limited, Karachi

Jun 2025 – Aug 2025

 - Maintained MIR and logistics records to support accurate tracking of goods and movements.
 - Kept time-office system records accurate and consistent.
- Teacher (Mathematics & Computer Science) — SS Programmer School, Karachi

Feb 2024 – Apr 2025

 - Taught Mathematics and Computer Science to matriculation-level students (Grades 9–10), explaining technical concepts clearly.
- Data Entry Operator — Embroideries, New Karachi Industrial Area, Karachi

Aug 2021 – Dec 2024

 - Handled bookkeeping and managed financial records.
 - Maintained accurate and consistent data in the time-office system.

TRAINING & CERTIFICATIONS

- **MERN Stack Development** — Saylani Mass IT Training: MongoDB, Express.js, React.js, Node.js, Next.js, TypeScript and REST APIs.
- **Software Quality Assurance** — Saylani Mass IT Training: software testing fundamentals, test case design and defect reporting.
- **HTML, CSS & JavaScript** — Cisco Networking Academy: responsive design and interactive web pages.
